PP Offer : **20% off a Deluxe Newborn Session or 20% off An Outdoor Family Session.**

From the moment, I booked Ashlee from Tiny Feet Photography I knew I had made the right decision.

It was seamless, the whole process from making my booking via email to answering all her questions regarding what sort of photo shoot I would like! The final photos are wonderful!

The one thing I loved about booking Tiny Feet Photography was that Ashlee came to my house with all her props. We didn't have to leave home; very convenient must I add! Especially while I was adjusting with 2 kids! I could occupy my toddler Frankii while Ashlee worked her magic.

Ashlee was so patient, and boy did she have a special touch with Lawson, he just slept the whole time whilst Ashlee moved him into position. I loved watching the whole process, such a beautiful moment.
